TERMS & CONDITIONS - PRIVACY

Here at Estill Voice International, LLC, we take your privacy seriously and will only use your personal information to administer your account and to provide the products and services you have requested from us.

However, from time to time we would like to contact you with details of upcoming courses and new Estill Voice Training® products we provide.

Clicking the box in the registration form consents the passing on of your details for that purpose.

EVT COURSE REGISTRATION AGREEMENT

Estill Voice International (EVI) is providing you with an opportunity to learn and use Estill Voice Training® (EVT) including the Figures for Voice™. We are confident that you will find EVT useful in your speaking and singing.

When you register for an EVT workshop or course, information submitted to us at the time of registration is shared with course hosts and course instructors for course administration purposes only. EVI stores this information for attendance & certification tracking, and will only contact participants with advertisements who opted-in to our newsletters or who are already certified Trainers.

When you register for an EVT course or workshop, you agree to follow the principles outlined below, designed to protect the health of your voice as well as the integrity of this extraordinary work.

Regarding Vocal Health:

The exercises presented in this course are deemed safe for the voice when done correctly and with supervision. Taking an exercise out of its context within the whole of Estill Voice Training® *could* place your voice at risk. It is EVI's mission to promote vocal health; however, we make no claims nor guarantees. You are solely responsible for the health of your voice. Consistent with starting any physical training program, you should:

- 1) Seek the advice of a doctor such as a Laryngologist (an Ear-Nose-Throat doctor who specializes in the voice) prior to participating in this - or any - program of vocal study if you have any concerns about your vocal health
- 2) Notify your instructor if you have ever been diagnosed with a voice disorder or if you suspect that you might have one now. (Your confidentiality will be protected.)
- 3) Invest the time required to learn how to perform each exercise correctly and at "most comfortable vocal effort" under the supervision of an Estill Master Trainer or Estill Mentor and Course Instructor.

Regarding Copyrights:

- 1) All EVT materials, books, papers, pamphlets, video and audio media and their contents, logos, and visuals are copyrighted and proprietary and cannot be reproduced in any form without the express written consent of Estill Voice International. Please visit <https://store.estillvoice.com/> for teaching materials available to the public.
- 2) Use of Estill Voice Training® logos as part of your professional marketing absent official EVI certification is prohibited. You may list the EVT courses and workshops you have completed in a curriculum vitae as evidence of professional development. A "Certificate of Attendance" does not qualify you as an EVT teacher or practitioner.

Regarding Recordings:

Should your Course Presenter grant you permission to record any portion of the course (audio or video), your signature indicates your agreement that these recordings are for your personal use only and that they will not be played, uploaded to web-based media, nor transcribed for anyone else.
